\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

G. R. Crabtree, representing a large New York Nursery, was taking orders among the farmers last week.

The Estill Tribune last week paid a glowing respect to A. M. Lowe, of Rosslyn, candidate for representative from the 73rd legislative district. The Democrats are in this thing to win and they can't find a man in the district that will do the job nicer than Mack Lowe.

We see in The Times the announcement of B. F. Hatton for Representative. Mr. Hatton will make as good a Representative as ever went to Frankfort. He was elected Magistrate for this district a few years ago and his record shows that he was the best Justice here for a many a year. Mr. Hatton is well known in Powell county, and also in Estill having lived in Estill county for 15 years. Powell and Estill counties could not be represented by a better man than Mr. Hatton.

The toot of the fox hunters horn has been still for the past week on account of bad weather, and we miss the sound of the horn.

We see in The Times a letter from our friend M. F. Allen of Nebraska. We wish he would get in his Reo Car and come out and see us again.
